TERMINAL DISCLAIMER TO OBLIGATE A DOUBLE PATENTING  
REJECTION OVER A PRIOR PATENT

Dear Sir:

The above-identified owner of record of a 100 percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §154 to §156 and §173, as presently shortened by any terminal disclaimer, of prior Patent No. 6,248,375. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and each prior patent is commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors and/or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. §154 to §156 and §173 of the prior patent, as presently shortened by any terminal disclaimer, in the event that either later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. §1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

Typed or Printed Name

Terminal disclaimer fee under 37 C.F.R. §1.20(d) included.

PTO suggested wording for terminal disclaimer was unchanged.  
 Certification under 37 C.F.R. §3.73(b) is required if terminal disclaimer is signed by the assignee.
